SIR,

With reference to your letter No. L.7354/M1 dated 16th April 1925 requesting to be informed when the final report regarding the construction of a building for the Balab/Modhini School, Mysore, may be expected, I have the honor to state that it is ascertained that the institution is not a Government or a Municipal School but a grant-in-aid one receiving a grant of Rs. 45/ per month from the Department. Information has been called for as to who constitute the managing body and who draws the grant of this institution, since without these particulars it is not possible to say whether the Education Department is required to ~~pay~~ provide a building for the school. A reply will be sent as soon as possible after the report in the matter is received in this office.

I have the honor to be,
Sir,

SIR,

With reference to your letter No. L.8314/Ml.76-24-29 dated 19th May 1925 and subsequent reminders on the subject of the construction of a building for the Balabodhine School, I have the honor to furnish below the information furnished by the Assistant Inspector of Education, Mysore City Range.

At first when the school was started in the fort, a building for the classes was raised by the Public Subscription, but this building was acquired by the Municipality at an estimated cost of Rs.3,000/-. But instead of paying the amount, a building in Chamaraj Road which had been in the possession of the Municipality was given over to the Managing Committee of the Institution and till 23-9-1924, the school was held there.

As this building was acquired by the palace authorities, Rs4000, was settled towards contribution, which amount has been deposited in the name of the Municipal President. Till the said amount is utilised for constructing a building for the school, the Municipality continue to pay the rent of the building in which the classes meet at present out of the interest accruing on the deposited amount."

The school is an aided one, and the responsibility for its suitable housing rests on the management. The building in which the school was held has been acquired for a public purpose. Obviously, the next step is for the management to construct a new building by the compensation awarded for the purpose. The compensation amount seems to be in the hands of the Municipal Council, who have for the time being given a building free of rent to the management for holding the school.

I have the honor to be

Sir,

Your most obedient servant,

Inspector General.

The building is now said to have been acquired on payment of a Compensation of Rs 4000/- and the said amount is due in the hands of the Municipal Council who have however given a building free of cost to the School for holding the classes. The School is neither a Govt. nor a Municipal School but is an aided one and the responsibility for its suitable housing rests on the Management who have therefore to take necessary steps to construct a new building out of the Compensation amount awarded.

The sum of Rs 4000/- awarded may not suffice if land has to be purchased for the purpose. If so, the Deputy Collector may grant a site free of cost for the
